

Permit Application Intake Checklist

This checklist is to review Permit Application submittals as they come in. Please use this list to make sure each of these items are contained on the Permit Application before they leave the building. There are other documents that need to be included for most permits but this information needs to be on every Permit Application.

- 1. In the upper right above the Applicant Information make sure they have filled out the Contract Price/Value.
- 2. Make sure they have filled out the Proposed Project Description/Scope.
- 3. Make sure they have filled out the parcel number.
- 4. Make sure page 1 of the Application is Signed and Notarized.
- 5. Make sure they have checked Commercial or Residential.
- 6. If this permit is an Owner/Builder permit, make sure the Owner/Builder Discloser Statement has been filled out Signed and Notarized.
- 7. Please make sure they have included Proof of Ownership. This can include copy of warranty deed or page from Property Appraiser's Website

OWNER/BUILDER DISCLOSURE STATEMENT

F.S. Chapter 489, CONTRACTING; PART 1 CONSTRUCTION CONTRACTING (SS 489.103): State law requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor even though you do not have a license. You must supervise the construction yourself. You may build or improve a commercial building at a cost of \$75,000 or less. The building must be for your own use or occupancy. It may not be built for sale or lease. If you sell or lease a building you have built yourself within one year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances. **Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide worker's compensation for that employee, all as prescribed by law.** Your construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

Section 6. Subsection (1) of Section 455.228 Florida Statutes - F.S. 455.228 Unlicensed practice of a profession; cease and desist notice; civil penalty; enforcement,-----

(1) When the department has probable cause to believe that any person not licensed by the department or the appropriate regulatory board within the department or the appropriate regulatory board within the department has violated any provision of this chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, the department may issue and deliver to such person a *notice to cease and desist* from such violation. In addition, the department may issue and deliver a notice to cease and desist to any person who aids and abets the unlicensed practice of a profession by employing such unlicensed person. For the purpose of enforcing a cease and desist order, the department may file a proceeding in the name of the state seeking *issuance of an injunction or a writ of mandamus* against any person who violates any provisions of such order. In addition to the foregoing remedies, the department may impose an administrative penalty not to exceed **\$5,000.00 per incident**, pursuant to F.S. 120.58, it shall be entitled to collect its attorney's fees and costs, together with any cost of collection.

FLORIDA BUILDING CODE 2014, BUILDING 105.3.6 ASBESTOS REMOVAL: State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within one year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances. **Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide worker's compensation for that employee, all as prescribed by law.**
ANY PERSON WHO AIDS AND ABETS UNLICENSED CONTRACTORS OR SUBCONTRACTORS WILL FACE IMPOSED PENALTIES AS PROVIDED BY LAW.

1. I understand that state law requires construction to be done by a licensed contractor and have applied for an owner/builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license. **OWNER INITIAL _____**

2. I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility. **OWNER INITIAL _____**

3. I understand that, as an owner/builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts. **OWNER INITIAL _____**

4. I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption. **OWNER INITIAL _____**

5. I understand that, as the owner/builder, I must provide direct, onsite supervision of the construction. **OWNER INITIAL _____**

RETURN TO TOC

6. I understand that I may not hire an unlicensed person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county or municipal ordinance.

OWNER INITIAL _____

7. I understand that it is a frequent practice of unlicensed persons to have the property owner obtain an owner/builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner/builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an owner/builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

OWNER INITIAL _____

8. I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers' compensation.

OWNER INITIAL _____

9. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner/builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

OWNER INITIAL _____

10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at WWW.DBPR.COM for more information about licensed contractors.

OWNER INITIAL _____

11. I am aware of, and consent to, an owner/builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the following address: _____.

OWNER INITIAL _____

12. I agree to notify the Building Department, immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure.

OWNER INITIAL _____

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner/builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers' compensation coverage.

This _____ Day of _____ the Year _____, I, the undersigned, have read the preceding and understand the responsibility of acting as my own contractor, and having been notified of the above Florida Statutes, will abide by the laws governing the municipality having jurisdiction and the State of Florida.

I further state that I have the knowledge and ability to do the work proposed, and I assume full responsibility for familiarizing myself with all the municipality having jurisdiction codes and building regulations. In the event a building inspector requires corrections to be made, I will make such corrections and call for a re-inspection before proceeding. I understand the Building Department is not responsible for instructing me on what to do. I understand I may subject myself to code enforcement action by not requesting and obtaining, Final Inspection Approval prior to engaging in the use of the proposed development.
