

## Permit Application Intake Checklist

This checklist is to review Permit Application submittals as they come in. Please use this list to make sure each of these items are contained on the Permit Application before they leave the building. There are other documents that need to be included for most permits but this information needs to be on every Permit Application.

- 1. In the upper right above the Applicant Information make sure they have filled out the Contract Price/Value.
- 2. Make sure they have filled out the Proposed Project Description/Scope.
- 3. Make sure they have filled out the parcel number.
- 4. Make sure page 1 of the Application is Signed and Notarized.
- 5. Make sure they have checked Commercial or Residential.
- 6. If this permit is an Owner/Builder permit, make sure the Owner/Builder Discloser Statement has been filled out Signed and Notarized.
- 7. Please make sure they have included Proof of Ownership. This can include copy of warranty deed or page from Property Appraiser's Website

**PERMIT CHECKLIST**

Before any development activity occurs on a piece of property, a permit is required from the local jurisdiction. A permit is required before carrying out any building activity, the making of any material change in the use, or change in appearance of any structure.

**PLEASE READ AND UTILIZE THIS CHECKLIST CAREFULLY TO ASSIST YOU IN ORGANIZING AND PREPARING YOUR APPLICATION PACKAGE FOR SUBMITTAL – Items marked with filled in circle are required.**

**INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED**

**Items Required At Time Of Submittal Of Application Package:**

1. ●  **BUILDING PERMIT APPLICATION** Indicate the Electric Utility Company.
2. ●  **COPY OF SIGNED DATED CONTRACT** - (if applicable), or value of project.
3. ●  **RAISED SEAL FLOOD ELEVATION SURVEY W/SPOT ELEVATION WHERE STRUCTURE TO BE LOCATED**  
Required if any part of property in an A zone or V zone (also required at slab and final inspection)
4. ●  **LEGAL DESCRIPTION** - Section, Township, Range, Lot, and Block, Parcel #, Alternate Key #and Subdivision name.
5. ●  **PROOF OF OWNERSHIP** – i.e., Current tax notice, Homestead Exemption Notice, Certificate of Title, or Recorded Deed.
6. ●  **PROOF OF PAYMENT – IMPACT FEE** (if applicable--collected).
7. ●  **TWO (2) SEALED SETS OF CONSTRUCTION PLANS** (Signed & Sealed by Florida Architect or Engineer).  
**DUNNELLON & WILLISTON REQUIREMENT: SUBMIT AN ELECTRONIC VERSION OF PLANS WITH APPLICATION**
8. ○  **HURRICANE MITIGATION RETROFIT (RE-ROOFS ONLY)**, as applicable per 2007-HB 7058, FS 553.844 and Rule 9B-3.0475 FL Adm. Code).
9. ●  **TRUSS/RAFTER UPLIFT LOAD SUMMARY SHEET. AND TRUSS LAYOUTS.**
10. ●  **TWO (2) ENERGY FORM 600A, B, or C.**
11. ●  **TWO (2) LOAD CALCULATIONS FOR HVAC (MANUAL J OR N REQUIRED ON NEW)**
12. ●  **TWO (2) COPIES OF HVAC DUCT LAYOUT.** (Attached to plans)
13. ●  **TWO (2) COPIES OF A SITE/BUILDING PLAN** : Drawn to scale (1"=30') (one inch equals thirty feet) using Site plan or survey with the following showing: **NOTE: PROPERTY RECORDS CARD ACCEPTABLE IF IT SHOWS DIMENSIONS.**

**\*\* PLEASE BE SURE EACH OF THE ITEMS LISTED BELOW ARE INCLUDED ON THE SITE PLAN \*\***

- A. Dimensions of the property.
- B. Location of all existing and proposed structures.
- C. Setbacks from all property lines to existing and proposed structures.
- D. Location of all roads and right-of-ways (including center lines) in relation to the property.
- E. A directional arrow indicating North.
- F. The scale used for the site plan (such as 1" = 30')
- G. Septic, drain field, and well location on the proposed building site. If any one of these locations is within 75 feet of the property line, then the site plan must encompass those areas adjoining the proposed building site indicating location of property's septic, drain field and well locations.
- H. Location of all natural and man made surface waters (i.e., lakes streams, canals, wetlands, etc.).
- I. Location of proposed and/or existing water lines and meters.
- J. Location of driveways and sidewalks.
- K. Location of LP tanks, size, type. Distance from tank to structure. Distance from all external ignition sources, i.e. air conditioner.

14. ●  **NOTICE OF COMMENCEMENT** (Certified and Recorded for projects \$2,500 or more—mechanical \$7,500 or more)
15. ●  **OWNER/BUILDER DISCLOSURE STATEMENT & AFFIDAVIT** (If applicable—not allowed on modular/mobile homes)
16. ●  **ONE (1) COMPLETE STATE HEALTH DEPT. APPLICATION PACKAGE REQUIRED TO BE SUBMITTED TO THE HEALTH DEPARTMENT FOR SEPTIC AND/OR WELL** (If Applicable).
17. ●  **PROVIDE COPY OF APPLICABLE STATE AND LOCAL LICENSES, PROOF OF WORKERS COMPENSATION INSURANCE OR EXEMPTION** (for contractor and all subcontractors; see Permit Application).
18. ●  **PRODUCT APPROVAL SHEETS**

It is agreed that in all respects the work will be performed and completed in accordance with the permitted and applicable codes of the local jurisdiction. This permit may be revoked at any time upon violation of any of the provisions of said laws, ordinances, or rules & regulations, or upon any unauthorized change in the original approved plans. This permit becomes invalid if an inspection for permanent construction is not requested within 180 days or more than 6 months has elapsed between inspections. In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal governments.

WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE COMMENCING WORK OR RECORDING YOUR NOTICE OF COMMENCEMENT.

NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other government entities, such as water management districts, state agencies, or federal agencies.

RETURN TO TOC

**OWNER/BUILDER DISCLOSURE STATEMENT**

**F.S. Chapter 489, CONTRACTING; PART 1 CONSTRUCTION CONTRACTING (SS 489.103):** State law requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor even though you do not have a license. You must supervise the construction yourself. You may build or improve a commercial building at a cost of \$75,000 or less. The building must be for your own use or occupancy. It may not be built for sale or lease. If you sell or lease a building you have built yourself within one year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances. **Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide worker's compensation for that employee, all as prescribed by law.** Your construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

**Section 6. Subsection (1) of Section 455.228 Florida Statutes - F.S. 455.228 Unlicensed practice of a profession; cease and desist notice; civil penalty; enforcement.-----**

(1) When the department has probable cause to believe that any person not licensed by the department or the appropriate regulatory board within the department or the appropriate regulatory board within the department has violated any provision of this chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, the department may issue and deliver to such person a *notice to cease and desist* from such violation. In addition, the department may issue and deliver a notice to cease and desist to any person who aids and abets the unlicensed practice of a profession by employing such unlicensed person. For the purpose of enforcing a cease and desist order, the department may file a proceeding in the name of the state seeking *issuance of an injunction or a writ of mandamus* against any person who violates any provisions of such order. In addition to the foregoing remedies, the department may impose an administrative penalty not to exceed **\$5,000.00 per incident**, pursuant to F.S. 120.58, it shall be entitled to collect its attorney's fees and costs, together with any cost of collection.

**FLORIDA BUILDING CODE 2010, BUILDING 105.3.6 ASBESTOS REMOVAL:** State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within one year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances. **Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide worker's compensation for that employee, all as prescribed by law.**

**ANY PERSON WHO AIDS AND ABETS UNLICENSED CONTRACTORS OR SUBCONTRACTORS WILL FACE IMPOSED PENALTIES AS PROVIDED BY LAW.**

1. I understand that state law requires construction to be done by a licensed contractor and have applied for an owner/builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license. **OWNER INITIAL \_\_\_\_\_**

2. I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility. **OWNER INITIAL \_\_\_\_\_**

3. I understand that, as an owner/builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts. **OWNER INITIAL \_\_\_\_\_**

4. I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption. **OWNER INITIAL \_\_\_\_\_**

5. I understand that, as the owner/builder, I must provide direct, onsite supervision of the construction. **OWNER INITIAL \_\_\_\_\_**

**RETURN TO TOC**

6. I understand that I may not hire an unlicensed person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county or municipal ordinance.

**OWNER INITIAL** \_\_\_\_\_

7. I understand that it is a frequent practice of unlicensed persons to have the property owner obtain an owner/builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner/builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an owner/builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

**OWNER INITIAL** \_\_\_\_\_

8. I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers' compensation.

**OWNER INITIAL** \_\_\_\_\_

9. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner/builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

**OWNER INITIAL** \_\_\_\_\_

10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at WWW.DBPR.COM for more information about licensed contractors.

**OWNER INITIAL** \_\_\_\_\_

11. I am aware of, and consent to, an owner/builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the following address : \_\_\_\_\_.

**OWNER INITIAL** \_\_\_\_\_

12. I agree to notify the Building Department, immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure.

**OWNER INITIAL** \_\_\_\_\_

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner/builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers' compensation coverage.

This \_\_\_\_\_ Day of \_\_\_\_\_ the Year \_\_\_\_\_, I, the undersigned, have read the preceding and understand the responsibility of acting as my own contractor, and having been noticed of the above Florida Statutes, will abide by the laws governing the municipality having jurisdiction and the State of Florida.

I further state that I have the knowledge and ability to do the work proposed, and I assume full responsibility for familiarizing myself with all the municipality having jurisdiction codes and building regulations. In the event a building inspector requires corrections to be made, I will make such corrections and call for a re-inspection before proceeding. I understand the Building Department is not responsible for instructing me on what to do. I understand I may subject myself to code enforcement action by not requesting and obtaining, Final Inspection Approval prior to engaging in the use of the proposed development.

STATE OF FLORIDA, COUNTY OF \_\_\_\_\_

\_\_\_\_\_  
SIGNATURE OF OWNER/BUILDER AND DATE

I HEREBY CERTIFY that on this day, before me on this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, an officer duly authorized in the State and County aforesaid to take acknowledgements, personally appeared \_\_\_\_\_ who is personally known to me or who has produced \_\_\_\_\_ as identification and who did/did not take an oath.

\_\_\_\_\_  
NOTARY PUBLIC

Note: This form may be replaced by comparable form that contains detail according to numbered items below.

Site Plan For: _____			
Lot: _____	Block: _____	Subdivision: _____ (Platted or Unrecorded)	Parcel Zoning: _____
Setbacks (in ft.): Front _____ Side _____ Rear _____ Property Size _____			
Scale Used 1" = _____			

- A. Indicate subdivision name, lot and block numbers (or letters) or parcel number if unrecorded subdivision. (Information can be found on deed or tax bill.)
- A. Dimensions of the property.
- B. Location of all existing and proposed structures.
- C. Setbacks from all property lines to existing and proposed structures.
- D. Location of all roads and right-of-ways (including center lines) in relation to the property.
- E. A directional arrow indicating North.
- F. The scale used for the site plan (such as 1" = 30')
- G. Septic, drain field, and well location on the proposed building site. If any one of these locations is within 75 feet of the property line, then the site plan must encompass those areas adjoining the proposed building site indicating location of property's septic, drain field and well location.
- H. Location of all natural and manmade surface waters (i.e., lakes streams, canals, wetlands, etc.).
- I. Location of proposed and/or existing water lines and meters.
- J. Location of driveways and sidewalks.
- K. Location of LP tanks, size, type. Distance from tank to structure. Distance from all external ignition sources, i.e. air conditioner.

## **Product Approval Statewide**

The implementation date for the Florida Product Approval System was October 1, 2003. Rule 9B-72 of the Florida Building Commission establishes a higher standard of practice for product evaluations, as well as uniformity and consistency of enforcement statewide.

The Rule covers the following eight categories of products: (Items in parentheses are examples of sub-categories of products specific functionality, but are not limited to these examples)

1. **Exterior Doors** (rollup, sectional, sliding, swinging, automatic or other)
2. **Windows** (awning, casement, dual action, double hung, single hung, fixed, horizontal slider, projected, pass through, mullions, wind breaker or other)
3. **Panel Walls** (siding, soffits, exterior insulation finish system (EIFS), storefronts, curtain walls, wall louver, glass block, membrane, greenhouse, or other)
4. **Roofing Products** (built up roofing, modified bitumen roof system, single ply roof systems, spray applied polyurethane roof system, roofing fasteners, roofing insulation, asphalt shingles, wood shingles and shakes, roofing slate, roof tile adhesives, cement-adhesives-coatings, liquid applied roof systems, underlayments, non-structural metal roofing, roofing tiles, waterproofing or other)
5. **Shutters** (accordion, bahama, storm panels, colonial, roll-up, equipments or other)
6. **Skylights** (skylight or other)
7. **Structural Components** (truss plates, wood connectors, anchors, coolers-freezers, sheds, concrete admixtures, insulation forms, engineered lumber, material, plastics, wall, deck-roof, railing or other)
8. **Products Comprising a Building's Envelope Introduced as a Result of New Technology**(as applicable)

The product approval system includes a statewide website for submittal of applications and payment of fees for statewide product approvals. In addition, a database is available to search a list of approved entities and products approved for statewide use. For more information on statewide product approval and the Florida Building Code, visit [www.floridabuilding.org](http://www.floridabuilding.org) or call the Florida Department of Community Affairs at (850) 487-1824 or (877) FLA-DCA-2 and ask to speak to someone in the Codes and Standards Section.

The forms to list the appropriate products may be accessed by clicking on [Product Approval Forms](#).

# PRODUCT APPROVAL SPECIFICATION SHEET

As required by Florida Statute 553.842 and Florida Administrative Code 9B-72, please provide the information and approval numbers on the building components listed below if they will be utilized on the construction project for which you are applying for a building permit. We recommend you contact your local product supplier should you not know the product approval number for any of the applicable listed products. Statewide approved products are listed online at [www.floridabuilding.org](http://www.floridabuilding.org).

## POOL REQUIREMENTS NOTICE

### Swimming Pool Contractors, General/ Building/ Residential Contractors & Property Owners Involved with Residential Swimming Pool Construction

The 2000 Florida Legislature adopted a bill that creates residential swimming pool safety installation requirements.

Effective October 1, 2000 all new residential pools must have AT LEAST ONE of the following FOUR safety features in order to pass final inspection and receive a certificate of completion:

1. Isolation from the home by an enclosure (barrier) meeting the following requirements:
  - at least 4' high on the outside
  - not passable or climb-able by small children
  - around the pool perimeter, separate from other fences/walls around the yard unless they are situated on the perimeter of the pool, being used as part of the enclosure and meeting the same requirements as the enclosure
  - placed sufficiently distant from the water's edge to prevent a child or elderly person from falling into the water immediately if they do get past the enclosure not situated close to any permanent structure or equipment that could be used to climb over the enclosure.
2. An approved pool safety cover.
3. All doors and windows providing direct access to the pool shall be equipped with appropriate exit alarms. Evidence of approval of a nationally recognized testing agency (such as UL2017) certifying the device to meet or exceed the minimum performance standards established by law must be on site for final inspection. The inspector must have access to the home in order to final a pool protected by an alarm system.
4. All doors (does not include windows) providing direct access from the home to the pool have self-closing, self-latching devices with the release mechanism mounted at least 54" high.  
NOTE: The building wall may be used as part of the enclosure if it doesn't have unprotected windows or doors opening onto the pool.

For above ground pools, the walls of the pool may be used as the enclosure/barrier, but any ladders or steps must be securable or removable or protected by a barrier.

A barrier is defined as "a fence, dwelling wall, or non-dwelling wall, or any combination thereof, which completely surrounds the swimming pool and obstructs access to the swimming pool, especially access from the residence or from the yard outside the barrier."

All gates providing access to a residential pool must open outward, be self-closing, latching, and locking with the release mechanism mounted on the inside, out of the reach of small children over or through it.

All applicants must submit documentation to assure compliance with this rule.

**THE ENCLOSED "NOTICE OF REQUIREMENTS" IS TO BE SIGNED AND SUBMITTED AT PERMIT APPLICATION AND MUST BE POSTED ON THE JOB SITE. IT WILL BECOME PART OF THE PERMIT FILE AND DOCUMENT PROPER NOTICE TO THE OWNER.**

**RESIDENTIAL SWIMMING POOL SPA  
AND HOT TUB ACT**

**NOTICE OF REQUIREMENTS**

A COPY OF THIS FORM MUST BE POSTED ON THE JOB SITE AND THE ORIGINAL IS  
REQUIRED TO BE TURNED IN AS PART OF THE APPLICATION PACKAGE

\_\_\_\_\_  
**Permit #**

I (we) acknowledge that a new swimming pool, spa or hot tub will be constructed or  
installed at \_\_\_\_\_, and hereby affirm that one of the following  
methods will be used to meet the requirements of Chapter 515, Florida Statutes.  
(Please print street address)

\_\_\_\_ The pool will be isolated from access to the home by an enclosure that meets the pool  
barrier requirements of Florida Statute 515.29;

\_\_\_\_ The pool will be equipped with an approved safety pool cover that complies with  
ASTM F1346-91 (Standard Performance Specifications for Safety Covers for Swimming  
Pools, Spas and Hot Tubs);

\_\_\_\_ All doors and windows providing direct access from the home to the pool will be  
equipped with an exit alarm that has a minimum sound pressure rating of 85 decibels at 10  
feet. The inspector must have access to the home in order to final a pool protected by an  
alarm system. Evidence of approval from a nationally recognized testing agency (such as  
UL2017) certifying compliance with the minimum performance criteria required by law must  
be on-site for the final inspection.

\_\_\_\_ All doors providing direct access from the home to the pool will be equipped with self-  
closing, self-latching devices with release mechanisms placed no lower than 54" above the  
floor or deck;

*I understand that not having one of the above installed at the time of final inspection, or  
when the pool is completed for contract purposes, will constitute a violation of Chapter  
515, F.S. and will be considered as committing a misdemeanor of the second degree,  
punishable by fines up to \$500 and/or up to 60 days in jail as established in chapter 775,  
F.S.*

\_\_\_\_\_  
Contractor's Signature and Date

\_\_\_\_\_  
Owner's Signature and Date

\_\_\_\_\_  
Contractor's Name (Please print)

\_\_\_\_\_  
Owner's Name (Please Print)

## **INSPECTION GUIDELINE**

Please note that it is a State law that permits are valid for six (6) months. If you have not called for an inspection within six (6) months of picking up the permit or requested an extension in writing, your permit will be expired and you must apply for a new permit, which will be subject to new permit fees. The fee for an extension request is the minimum fee for municipality.

Below is a list of inspections that are usually required on new construction. There may be others, depending upon the complexity of the project and other State and local requirements.

### **1. T-Pole Inspection**

After pole/pedestal installation complete, properly grounded, and braced. Outlets to be GFCI protected. Two eight foot long 5/8" ground rods required 6' apart.

### **2. Footer Inspection**

After trenches are formed, all rebar in place, grade stakes set prior to pouring concrete.

### **3. First Rough Plumbing**

Water lines required to be underground and sanitary lines installed prior to back filling. All plastic to have colored primer used on the solvent joints. All sanitary lines to be properly pitched: 3" and larger diameter = minimum 1/8" per foot, less than 3" diameter = 1/4" per foot.

### **4. Slab**

Compaction, soil treatment, vapor barrier, and steel in place, and before pouring concrete. Minimum 95% compaction in 12" lifts. Vapor barrier required in all slabs. Soil treatment for subterranean termites is required for all slabs under roof or adjacent to dwellings. Be sure all copper water piping is sleeved where in contact with cement.

### **5. Lintel**

After all steel is in place and tied, and before pumping.

### **6. Sheathing**

All roof sheathing and frame wall sheathing to be inspected before felt or house wrap installed.

### **7. Frame**

This inspection would include all truss bracing and all truss anchors, headers, and all truss, girders and beam anchors. Interior walls, fire blocking, etc. and window installations, sliding glass door installations, exterior entry doors and wire lathe installation. Note: #7, 8, 9, 10 & 11 preferred at same time.

### **8. Second Rough Plumbing**

At framing inspection. Tubs and shower pans set, traps arms run, vents through the roof, water line complete with a minimum of working pressure on the system.

**9. Rough Electric**

After all branch circuits, feeder, outlet boxes, and panels in place. All conductors pulled (including low voltage) and home runs complete.

**10. Rough Mechanical**

All duct work complete. This includes all exhaust and venting systems. Condensate piping and refrigerant lines run.

**11. Partial Roof**

On new construction would be called in along with the frame inspection above. The eave drip, valley liners and flashings to be installed at this time. Do not start shingling until after the partial roofing inspection has passed.

**12. Insulation**

After the frame approval and prior to drywall installation. All batts, baffles, and depth indicators in place. Shingle roofs must be complete, and tile roofs mopped in by this inspection.

**13. Final Roofing**

To be done with the insulation inspection.

**14. Drywall Inspections**

To be done with the lathing inspection or lateral inspection. Ridge ceiling board or 5/8" drywall required on ceiling.

**15. Water Service and Sewer (sewer/water connection lines)**

When sewer/septic and water lines are in place from the structure to the point of connection to distribution systems serving the structure.

**16. Finals**

When the building is ready for occupancy. All electric, plumbing, mechanical, and building items must be complete. Any required landscaping to be in place.
